Each of us achieves goals

in his own

unique style.

Whether it is finally reach-

ing high school ...

... or walking away with our

hard-earned diploma.

Whether it is finding a new

friend...

...or cherishing the ones we've

already established.

Whatever the circumstances

may be ...

... It looks like we've made it!

Each of us has a commitment to which he devotes his time and thinking.

Whether it is completing the homecoming float on time ...

... or getting an "A" on an exam.

Whether it is pushing a little bit harder to win a football game...

... or speeding up the pace to win a cross country race.

Whatever the final outcome may be ...

... It looks like we've made it!

Each of us has a special way of showing his appreciation
of the good times we all have.

Whether it is sharing something special ...

... or having a good laugh.

Whether it is exerting all of our energy ...

... or just relaxing.

Whatever we decide to do, it is good to know that ...

... It looks like we've made it!

This is a few days after it took place and to dedicate this year's annual to MRS. FLORENCE FOSSETT

A teacher for 35 years, Mrs. Fossett has spent the past 14 here at Mayfair instructing ninth through twelfth grade English. This year she is heading up the school's Proficiency Center. She has taught almost exclusively within the Bellflower Unified School District since 1967, spending time at Lermond and Willegers Elementary Schools and Roosevelt Junior High before coming to Mayfair.

She earned her Bachelor and Master's degrees at the University of Illinois and has attended several other universities as well, including UCLA, USC and Long Beach State.

Her past summer vacations have always been filled with excitement, as she has traveled to East and West Germany, Czechoslovakia, France, England, Ireland, Holland and Austria. Upon her retirement, she expects to continue her touring, as well as going every day and cleaning the garage, the latter which she speculates "will take three years."

Mrs. Fossett considers the years she co-taught pontoon with John Fitzpatrick as her most memorable at Mayfair. Her years as Girls League sponsor are also a fond memory.

Many of us are fortunate to have had such a gracious lady; she will be missed.

Thank you, Mrs. Fossett, for giving so much of your time and self to us.

*1980 Tradewinds fondly dedicated
to Mrs. Fossett after 14 years at MHS*

aton earns
athlete of Year
ward for girls

The 1979-80 girl ATHLETE OF THE YEAR title has been bestowed upon an exceptional athlete, SHERRY EATON

Sherry's athletic career began when as a freshman she played J.V. volleyball. Her progress in this sport led to her making the varsity squad for her next three years, being named Most Improved as a sophomore.

Though Sherry's accomplishments in volleyball are impressive, she will perhaps be best remembered for her efforts on the varsity softball and basketball teams.

Playing third base in softball, she was on the varsity team all of her four years at Mayfair and was named to the All-Suburban League second team in 1979, the year in which the Mayfair girls won the CIF 2-A championship.

Sherry also was on varsity basketball in each of her four years, playing guard and being named Best Defensive Player in 1979. This year she helped to lead the team to a berth in the CIF finals.

Sherry's athletic abilities will long be remembered and her efforts will serve as an example to future girl athletes here at Mayfair.

Kemp honored as '80's top athlete

Honors for 1980's ATHLETE OF THE YEAR go to a most deserving senior boy, ANTHONY KEMP. Tony has displayed the leadership and sportsmanship needed to be the fine athlete he is.

In his years at Mayfair, Tony has lettered in four different sports including football, basketball, baseball and track. Being a three-year Varsity football starter, Tony was named to the All-Suburban League football team all three years. In basketball, he lettered and was named to the All-League team the last two years. Along with his letters in basketball, he also holds the single-game assist record with 16, most ever in Monsoon history.

With his two Varsity letters in baseball and in track and field, Tony has been awarded eight varsity letters in his three years at Mayfair. With all these credentials, Tony has been a great asset to our sports program.

Tony has been an extremely valuable and inspirational individual to represent our athletic department and should be congratulated by the Mayfair student body.

Principal's Award goes to class pres.

In recognition of her outstanding service to the school, the 1972-80 Principals Award has been presented to PATSY AGUIRRE.

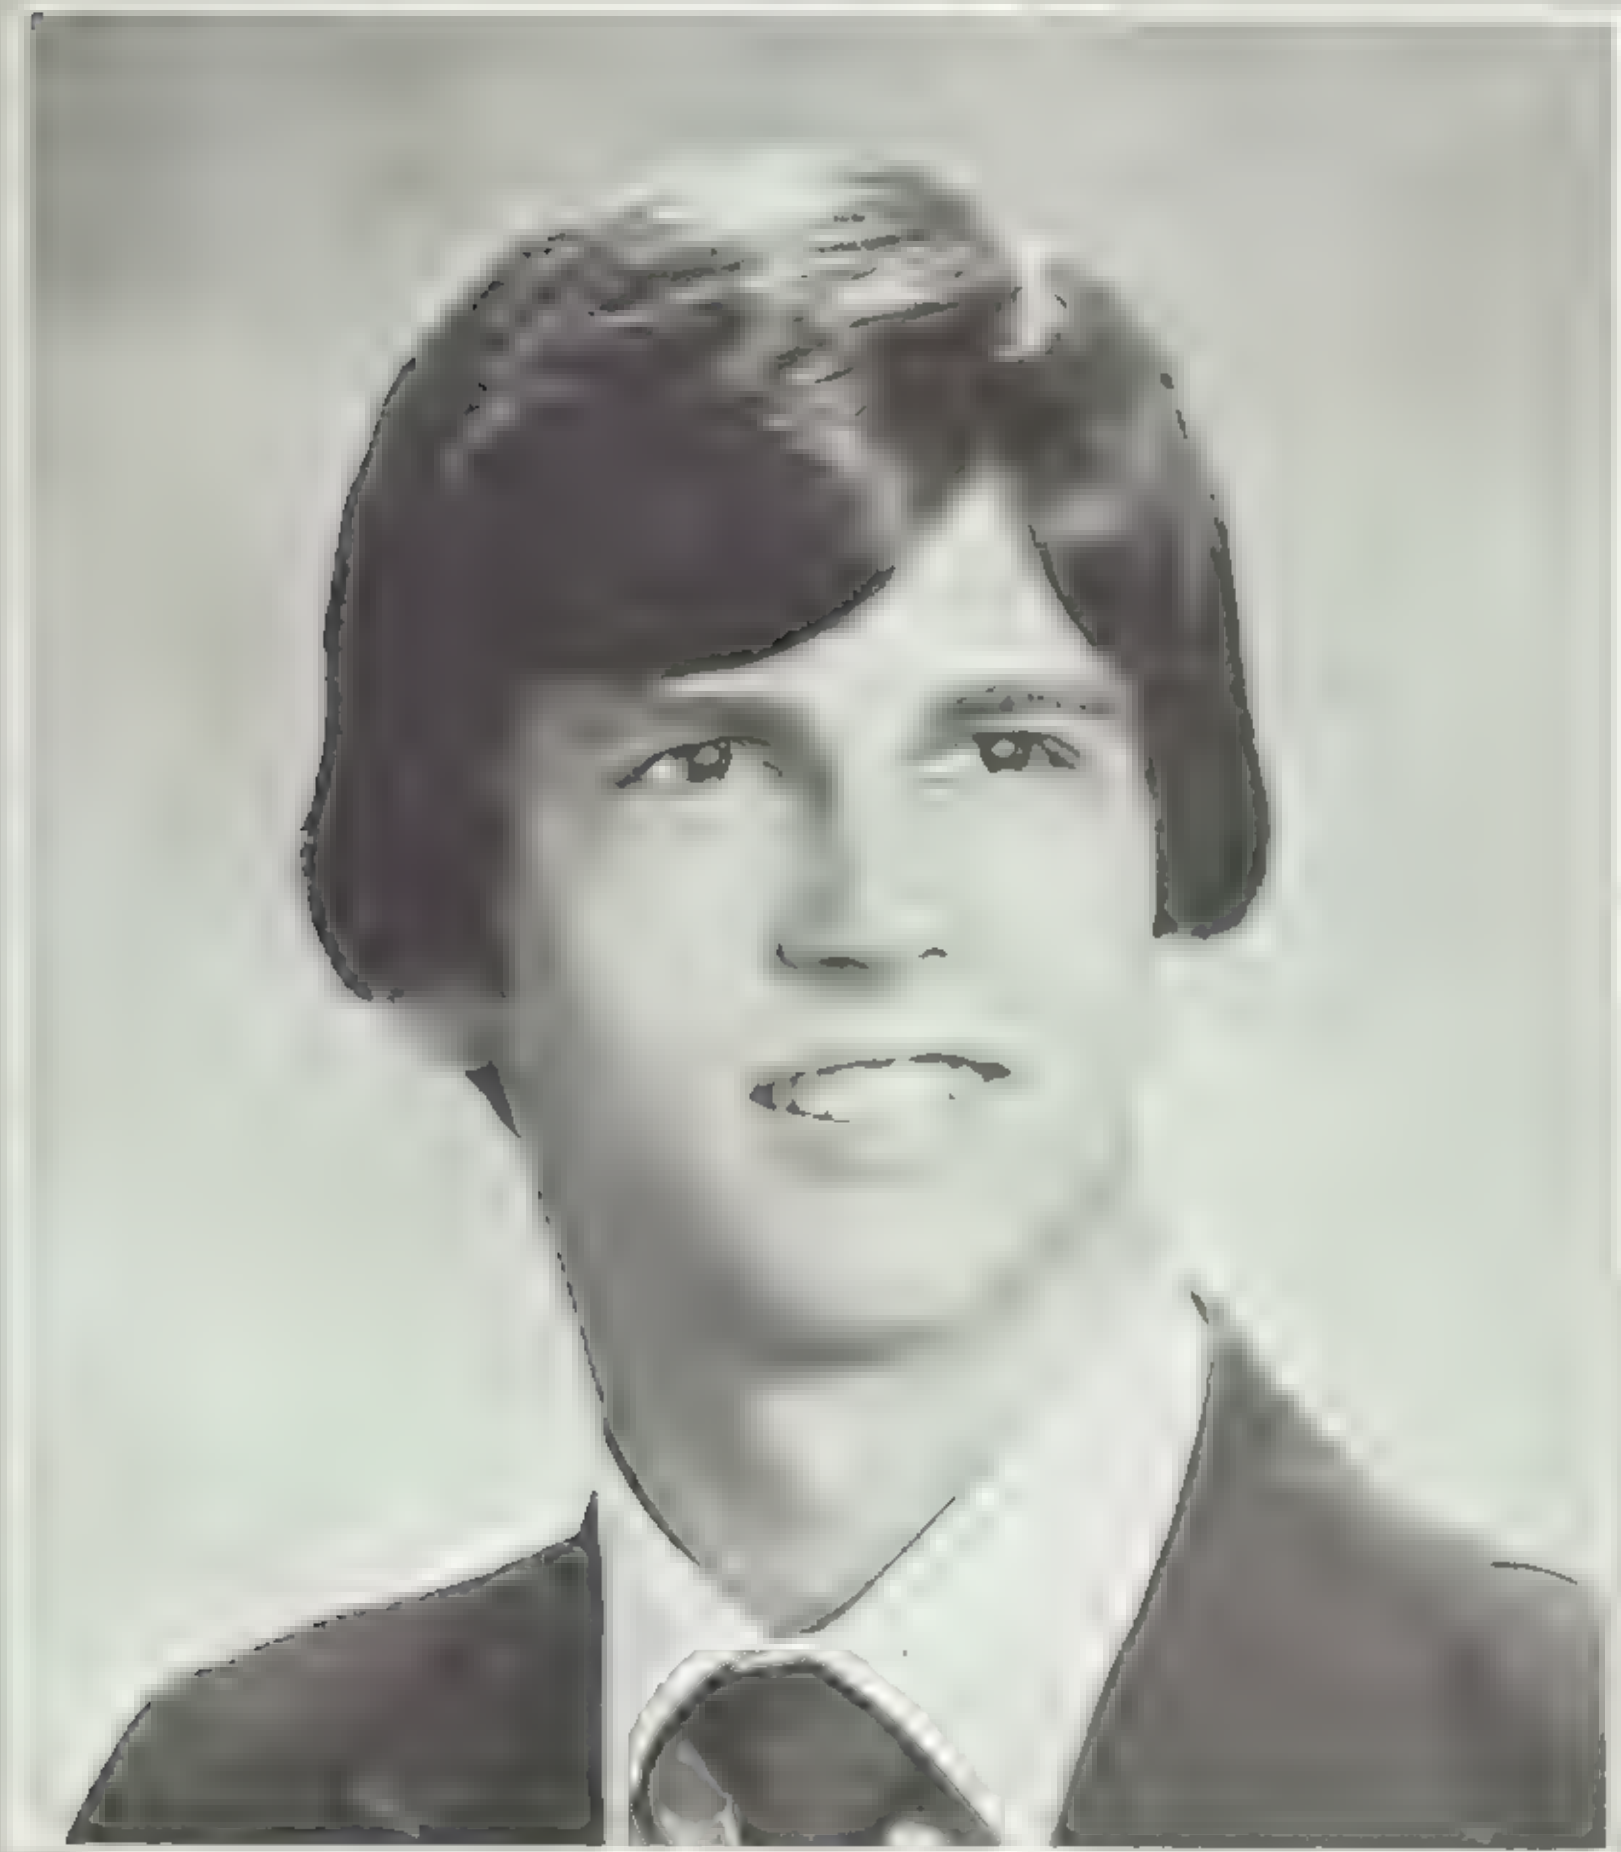

Patsy has been very active in the clubs on campus, being involved in Armistice League, A-Team and Tennis Club. She also served as prom chairman in her junior year and was rooming coordinator and float chairman as a senior. Through this busy schedule, she has maintained a 2.75GPA.

Active in student government in her years at Mayfair, she has held the positions of junior and senior class president, as well as having served on the election committee as a sophomore.

She has left her mark in athletics as well, playing tennis in each of her four years and serving as wrestling statistician her sophomore, junior and senior years.

Patsy has always been there when she was needed, eager to do whatever job was required. It is for this reason that she is being honored.

Craig is Outstanding Student

This year's recipient of the Outstanding Student Award is R. A. C. E. R. A.

Craig has maintained an almost perfect GPA of 3.94. He has not failed a class except for the last year of high school. In many ways, he is a dedicated student, since he keeps busy by working about 20 hours per week. Outside of school and work, he enjoys snow skiing. He also was involved in his sewing program for two years.

Craig has been saving up money to go to college. He intends on furthering his education at UCI, where he will be studying engineering.

Mary Kamau makes it to Mayfair from Kenya

I would like to give my utmost thanks to my teachers, the AFS club, the ASB cabinet, and everybody else who helped my year in the United States be an unforgettable one. I have had so much fun talking to the kids in Mayfair and some of them have proved to be really good friends.

I think I am having a great experience getting to know the people here and acting as an ambassador of my country.

I also want to thank my family, the Bures, for everything they have done for me. They have really been nice to me.

Thank You Everyone Again

Love

Gail Riggs from Maine attends fall term

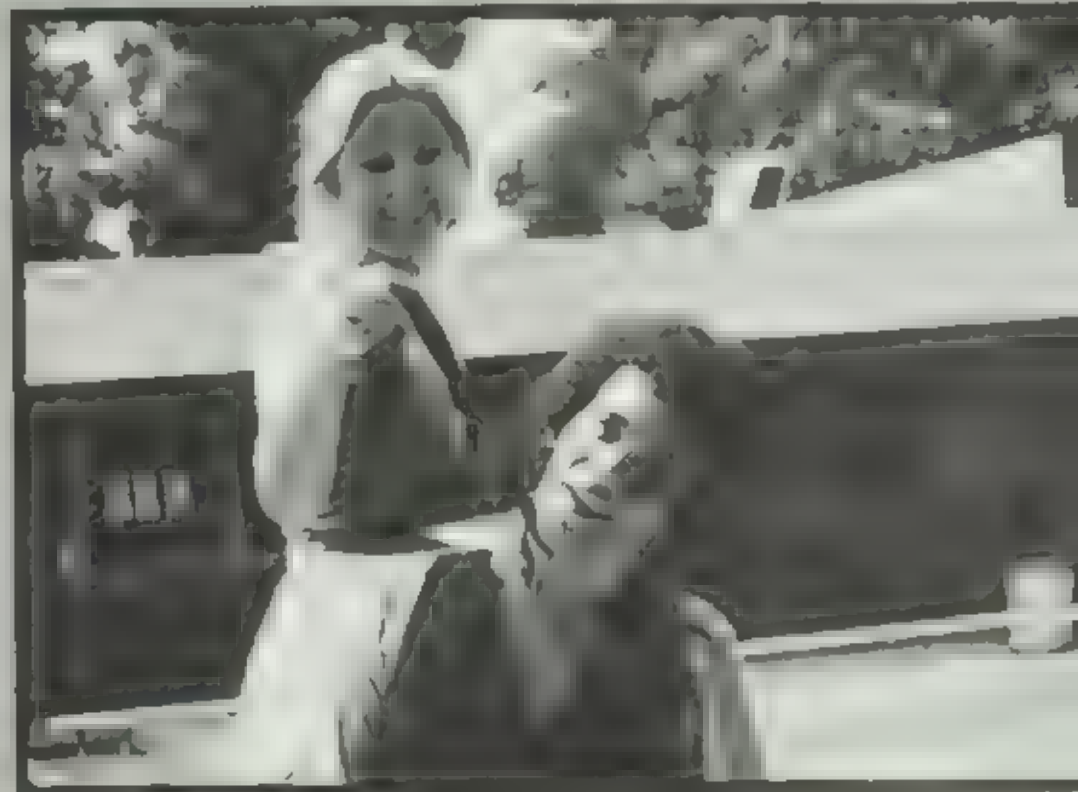

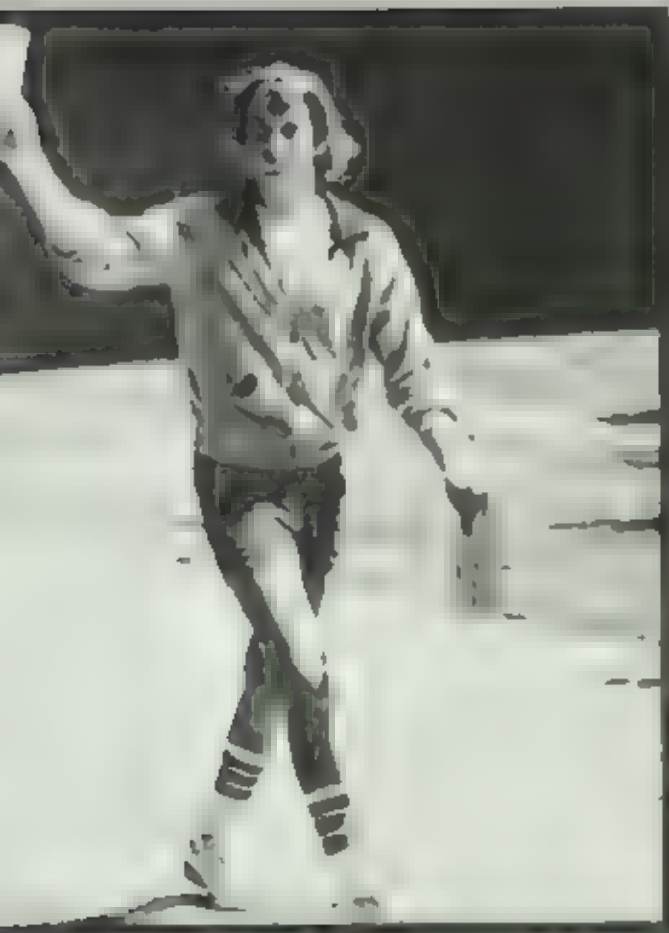

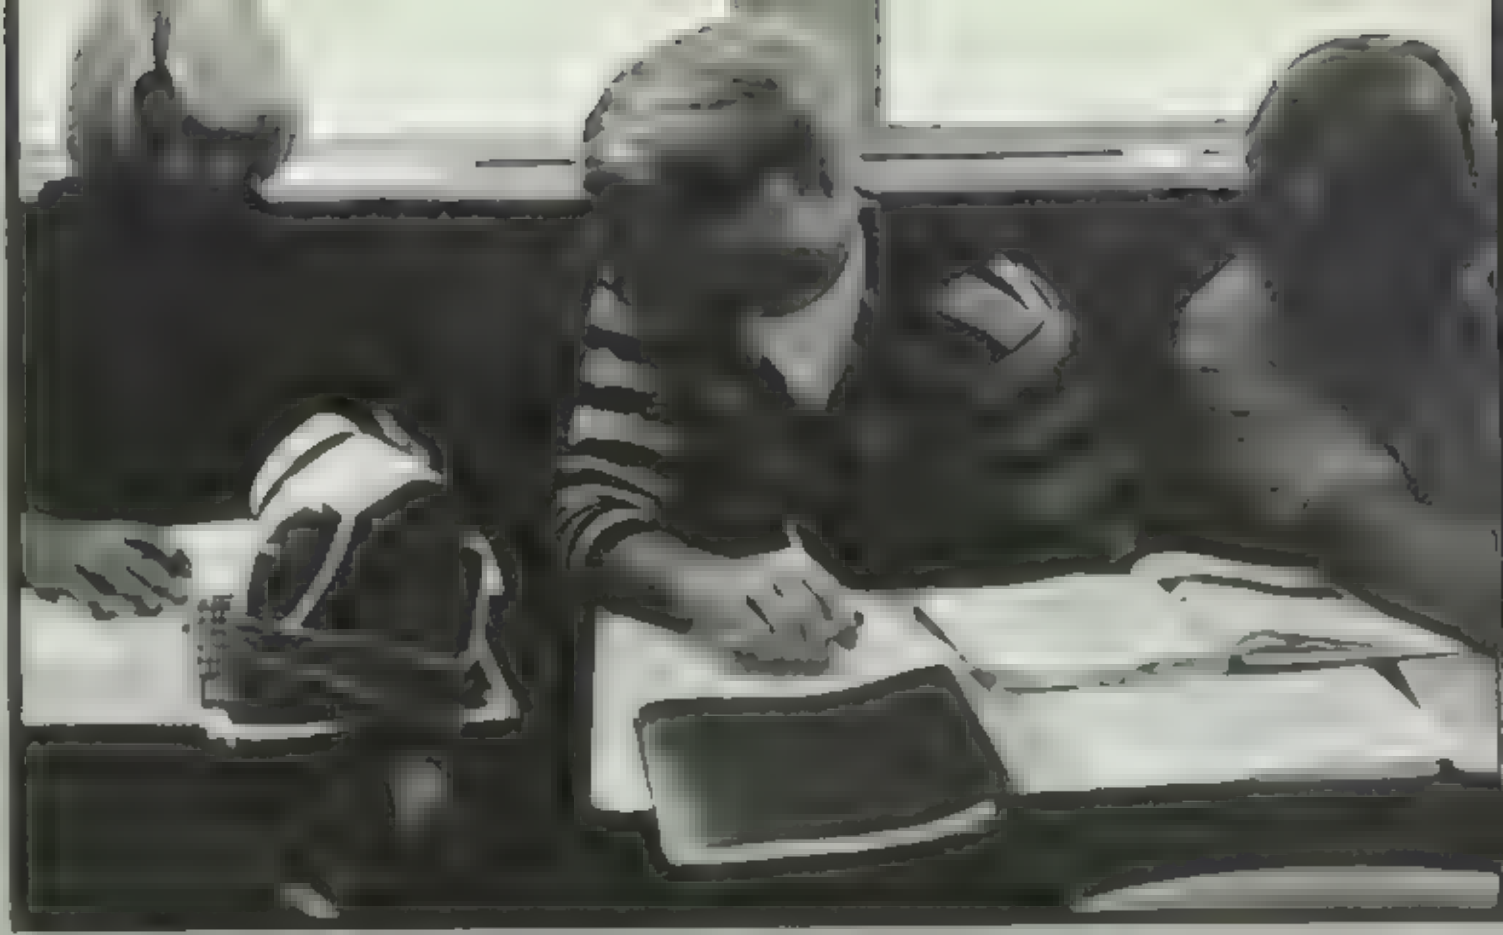

These six months in California have gone by so fast! It seemed more like six weeks than six months, but when I look back on the things that I have accomplished, I feel that I have done a lot. These experiences have changed me as a person. I feel I have grown in so many ways. I'm really glad I came and I'm sorry to leave because I've had so much fun. I wouldn't have given any of this up for anything.

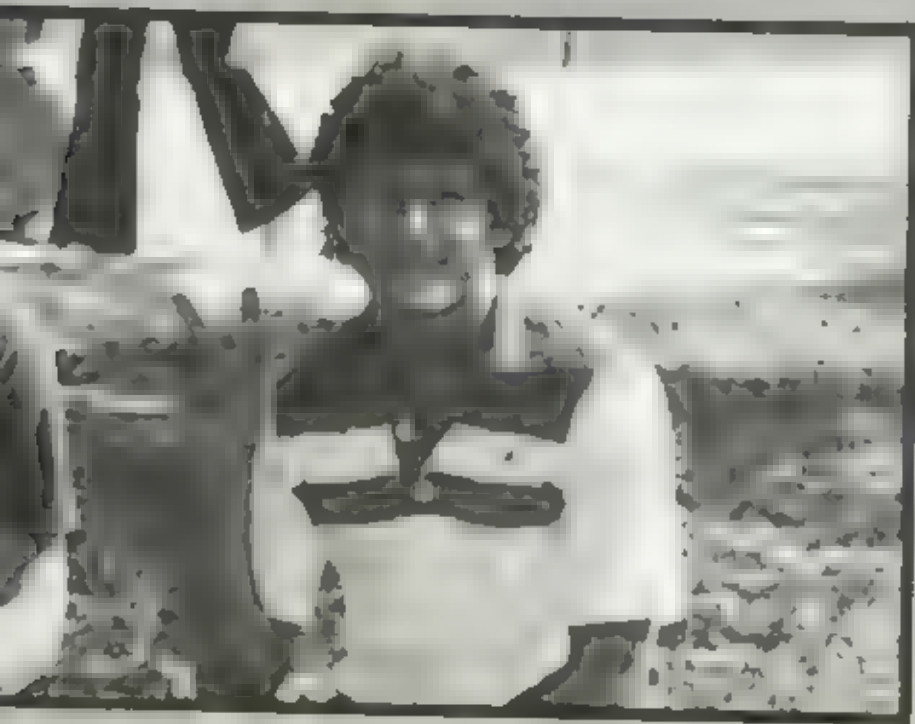

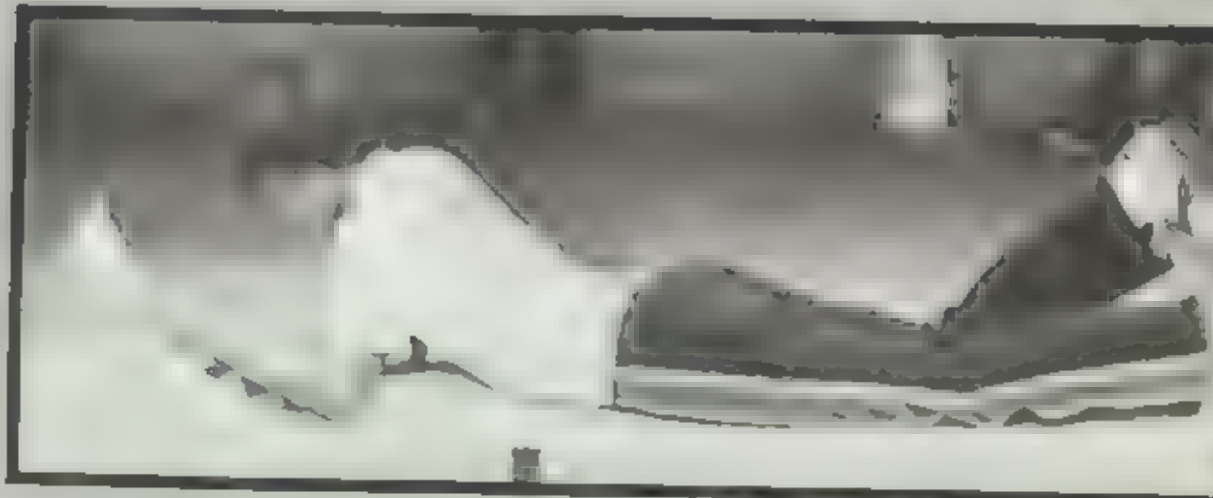

The people have been an experience in themselves. They have been very friendly and always helpful. I've made some good friends and I'm sorry to go, but I will always remember the good times I've had here.

To chase a feather in the wind
Within the glow that weaves the
cloak of delight,
The news is thread, that has no
end

So many hours and days, that
pass ever soon
The tides have caused the flame
to dim
And, at last, the arm is straight,
the hand to the loom
Is this the end or just beginning?

All Of My Love, All Of My Love,
Oh, All Of My Love To You

The cup is raised, the toast is

'Soons lose teachers to retirement, jobs

After five years at Mayfair, teacher-coach Laron Billingsley decided on a career change and left Mayfair. Mr. Billingsley is now living in Brigham City, Utah and is the planning specialist for live operations at the Thokol Corporation.

Mrs. Florence Fossett is retiring after being at Mayfair for 14 of her 35 years of teaching. She is planning on playing golf and devoting time to her garden and traveling. This summer she goes to Germany for three weeks.

Mr. Richard Knackstedt has left the district and teaching. He is now employed by a computer manufacturer, after five years of teaching at Mayfair.

Tod Burnett with the Hume Family on their dairy farm in New York

During the first semester of last year, I stayed in Alexander, New York, under the A.F.S. Domestic Exchange Program. Alexander is a small, farming community I lived with the Hume family where I had two brother, John and Roger

My first day there I was up at six o'clock and working on the dairy farm. I mainly helped out with the feeding of the cows and calves

I attended Alexander Central High School. It had a closed campus and is three stories high. I had eight periods a day. While at school I was involved with the band, chorus, student government, A.F.S. and I was manager of the Varsity Basketball team

While I was in New York, I visited such places as Niagara Falls, Attica Prison, Bluemont ski resort and the Holland land office

My Host family was terrific. They did everything for me, and I couldn't have asked for a better family. It was real hard for me to leave them and all the other friends that I had acquired

I would highly recommend A.F.S. to anybody interested

Director - Doug Spohn

Palefire, which is an Indian word meaning whole person, is a new Big Brother/Big Sister program on campus. Students work with elementary school children as role models to discourage wrong choices such as drugs, drinking, and other related areas.

The program was founded by Taylor Hartman who began it in Utah and brought it to California in 1979 funded by federal money.

Doug Spohn, the Palefire director, is in charge of approximately 30 students involved in the program at Mayfair. He also has programs at Artesia and Bellflower High Schools.

Class of '80 is the

It has been my privilege to have been part of your high school days. You are very special people. Good luck and the best to all of you in the coming years.

Sincerely,

Rosemary Wyssong

class with class

Dear Seniors

Although the word "commencement" is not used as often as the word "graduation", it comes to my mind as I think of you. A commencement refers to a beginning, and beginnings have been an important part of our time together. I began my career as a counselor with you last year, and I have found it exciting, challenging, and satisfying

Many of you, I know, have had times of beginning. times when you began to care more about your classes, times when you began new jobs, and times when you began to work harder on relationships with the people in your world. You have grown as individuals

Now at this new beginning, as you look toward your own unique life styles as adults, I wish you the best for your future plans. Keep growing!

With love and respect

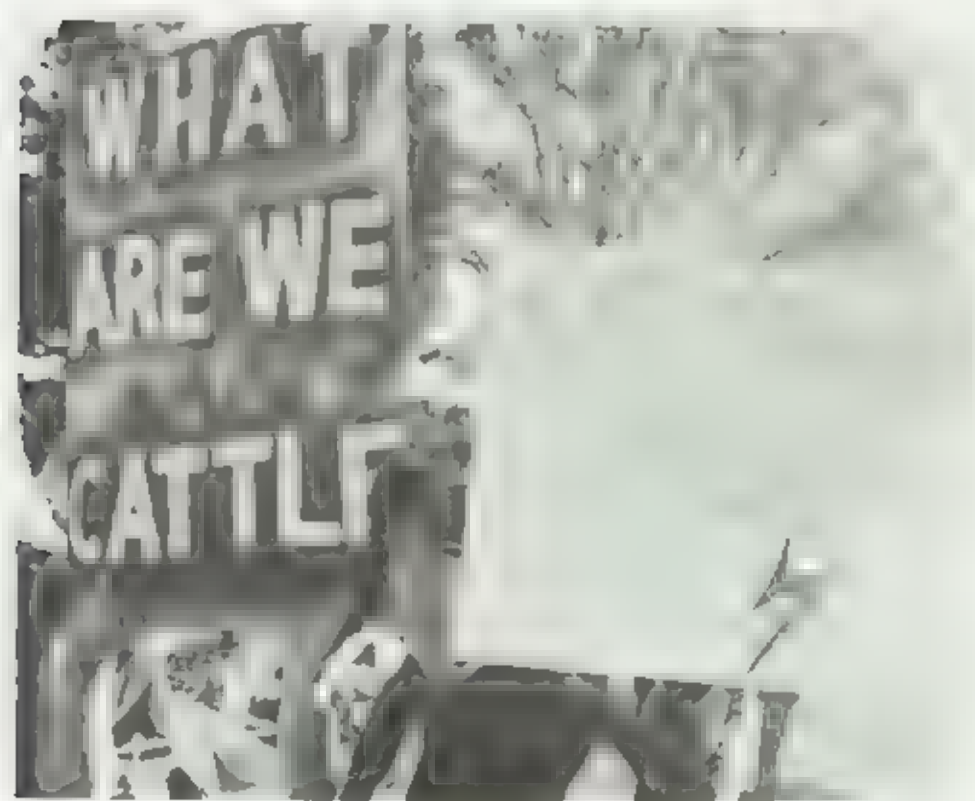

Chris Basch

Our new decade of 1980 brought along with it some very new, exciting happenings:

Students, teachers experienced a 5-period day schedule. We exchanged a total of six principals and vice principals. We have seen the crowning of our homecoming queen, Rhonda Noordman. Four teachers have left Mayfair, two for new jobs and the other two because of injuries. Our Girls' Varsity Basketball team advanced into the C.I.F. 2-A Finals with five of these girls on the C.I.F. 2-A softball championship team. We, the Mayfair Monsoons, protested and fought hard at school board meetings to keep our school open. With all of our fighting, cheering and protesting . . . IT LOOKS LIKE WE FINALLY MADE IT!

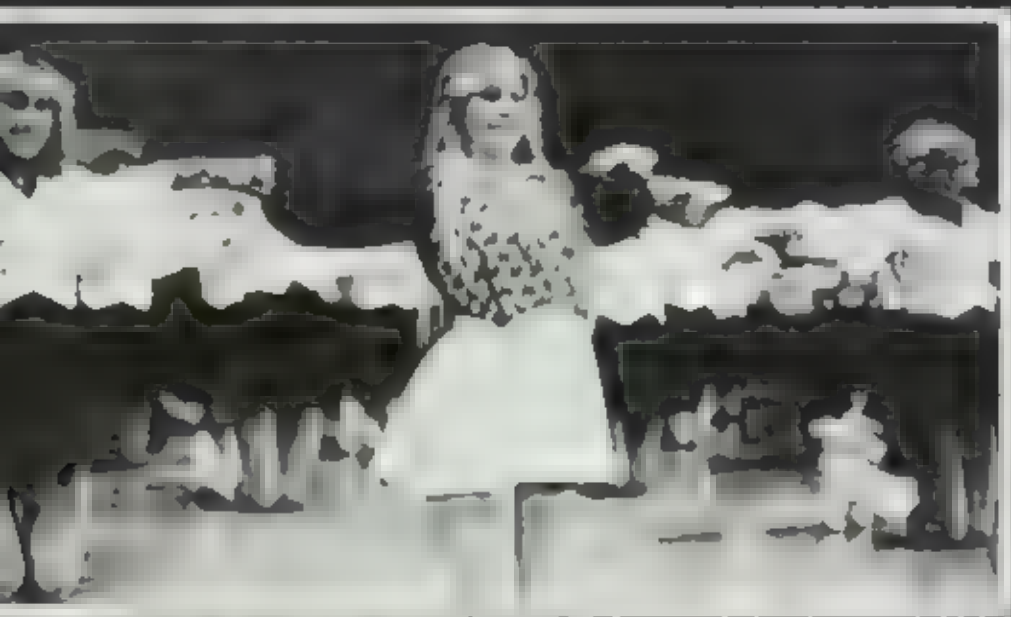

It looks like

ve made it!

The year is finally over and our yearbook is finished. The Tradewinds staff chose the theme "It was ~~the~~ we made it" because we felt that it applied to everyone in any direction they turned. There are many people who, on the last moment of time or left it to produce the yearbook. We would like to say we thank the following people:

Mrs. J. E. ...
Mr. ...
